

HOW TO PLAY

A brief explanation of each task.

This escape room can be done in pairs or small groups. It can be played in person or online (using Google Slides). Be available to help with any additional questions and problems that may arise during the game.

TASK 1: Students read task 1. Play [This is Halloween](#). Students listen to the song and count the number of times *Halloween* was mentioned.

TASK 2: Students read three definitions and write the names of Halloween activities and creatures. In case of any problems, students may want to use a dictionary.

TASK 3: Solve a puzzle. On the pieces, there are four questions. Students write the answers with numbers (or with words to practise spelling of numbers). In case of problems with phonemes, give a hint that it's not the number of letters but the number of sounds.
